

## **Top 3 Praises:**

1. For the successful completion and launch of our new Television programming - being distributed through over 200 stations in the US!
2. For a great first strategic planning session as we plan new ways to support US pastors and help them reach their communities (and that God continues to use The Real God for church-wide impact in multiple cities!)
3. For the launch of two free resources last month to help people study the Bible - a new online course on hearing God's voice in Scripture and a new Bible study on the Gospel of John!

## **Top 3 Prayer Requests:**

1. That God would use Chip's new book, *Marriage that Works* to transform marriages and guide couples by the Truths in His Word around how to have a marriage that works!
2. That the Holy Spirit would guide Chip's preparation and words as he prepares new content for radio, curriculum, and a book for 2020.
3. That Christians would have a rekindled passion to spend time in God's Word - to really study it and learn what it says about the things that we face every day.
