

TOP THREE PRAISES

For thousands of Christians and their families participating in LOTE at Home through Daily Discipleship with Chip and Mealtime Conversations.

For the opportunity to provide 114,000 copies of **The Real God** book with training in Wuhan last year – the epicenter of the pandemic. God knew what they would need.

For our ministry staff who “turned on a dime” to respond quickly to the COVID-19 pandemic and the way our faithful ministry partners have continued to financially support us in a time of uncertainty.

TOP THREE REQUESTS

That Christians would be **spiritually awakened** by the pandemic and move into a deeper relationship with God. And that many people in their relational networks will come to know Christ.

That God would use our **new online course** [How To Navigate Life with Your Adult Children](#) to reconcile and deepen family relationships.

For God’s clear direction, wisdom, and resources for the ministry in the coming months.
